2585 Bates Road, Montreal 251, Quebec

For more than thirty years I have taught those darling little kids in the grade schools. It has been necessary for me to give them tests on what they should have studied. Sometimes it is written and other times oral. One thing is certain: if teacher is not clear in pronouncing a word or doesn't make the meaning clear of a thought, those little kids will give you unusual answers. The kids always enjoyed trying to catch teacher with a riddle or puzzle. Or find something that the teacher doesn't know. And how happy a boy or girl is when this has been done.

The day's lesson was concerned with measurements. I made this statement: "There are twelve eggs exactly in a dozen." Then I told Peter who seemed to be day dreaming to go up to the board and write what I had said. As he got into the aisle, I heard little Ethel say the sentence over to him. This is what he wrote on the board:

"There are twelve eggs eggsactly in a dozen." Of course the students laughed. Then Jimmy raised his hand.

"My father told me that there are thirteen rolls in a baker's dozen. How come you get an extra roll and not an extra egg?"

I wasn't too sure of myself. I heard of this before. So I told the class:

"Rolls had to be sold by the weight also. To be sure the baker didn't break the law he gave you an extra roll."

Then Martha got a brilliant idea. "If in each roll there was one egg, then that really means if you have thirteen egg rolls, you have thirteen eggs. Isn't that so?"

"Did you ever see an egg roll?" said Janice. "I once went to an Easter Party. They colored the eggs. First they boiled them so that they really were hard boiled eggs. And we rolled them on the ground."

How did I get into all of this? What were my students going to do with eggs? I had a funny feeling down the back of my spine that they were taking the lesson away from me. Teddy raised his hand. He had a question to ask.

"I know that when a person is a good person, they sometimes say he is a good egg. How did they get that expression?"

I didn't know the answer to that one. So I quickly said to him, "Ever hear the saying that you shouldn't put all your eggs in one basket? In business that means you shouldn't take a chance with all your money in one enterprise."

Then Jimmy had his contribution to make to the subject of eggs.

"It happened last Thursday during recess period when we were in the yard. Frankie and Thomas were arguing over something. Looked like a fight. Bernie told Frankie to go ahead and fight with Thomas. Then Mrs. Simpson came over. She said to Bernie: 'Don't egg him on.' "

At least I knew the explanation of that one. So I told the class that in this usage, the word egg meant to incite or urge. And then that gave me an idea. I remembered something when I was a boy. A most unusual game.

"In June when we go to the Winston Picnic Grounds for our annual spring day, we can play a game with eggs. It is called 'Egg-and-Dart.' We have five boys and girls. Each stands at a starting line. Each has a spoon. They must run to the other line. On the other line are five eggs. Pick up an egg and put it on a spoon. Then run back to the starting line. If you drop an egg you are out of the race. First one to arrive with the egg intact on the spoon is the winner."

They liked that idea. But they weren't as yet finished with eggs. Martha had her contribution to make.

"Last year my mother took me to visit a friend of hers. Who lived in Egg Harbor City. How did it get that name?"

See what I mean? Kids can ask you questions and you haven't the answer ready for them. You don't know it yourself. So I quickly got out of that one.

"How many here have ever eaten eggs from an egg cup?" I asked them. That did the trick. About half of the class had egg cups at home. Then Elizabeth told the class she had gone to a Chinese restaurant. Had eggdrop soup and chow mein. I thought I was finished when Morris came up with his gem.

"We had eggplant for supper last week. If you plant an egg, do you get eggplant?"

Until next time and more about what kids do in a class.

The Deadly Oriental Fighting Art of Instantaneous Death That Requires No Strength or CLOSE BODY CONTACT.

★ Self-defense without torturous training or rigorous exercise.

★ Instant self-defense for the weak, the defenseless, the fearful and the untrained.

★ Makes your body a live fighting machine! Hands, feet, elbows even fingers become deadly weapons of defense.

★ Faster, deadlier and easier than Judo, Savate or Karate.

Revealed at last! The most secret, the most respected, the most effective of all the Oriental fighting arts—KUNG FU. ***So simple that if you can read then you can easily master the theory of this "flick-of-the-wrist" technique.*** **KUNG FU works on a secret principle yet its deadly force is easy to learn and easier still to apply. KUNG FU can take any one * without training and make him a fighting machine in seconds.**

THE SECRET OF KUNG FU REVEALED AT LAST

KUNG FU is a fantastic method of self-defense that was buried in the mysteries of the past. Once a part of a mystic Oriental rite, its deadly fighting secrets were only taught by Shaolin Priests to those considered worthy only after years of preparation and testing. KUNG FU was hidden from the public! Yet in spite of serious efforts to keep it from the world, word of its amazing power spread. Masters of other fighting arts soon learned to fear and respect its techniques. *They learned that KUNG FU harnesses certain dormant forces within you, enabling you to disable and destroy with just a lightning flick-of-the-wrist, and that KUNG FU requires no strength or extraordinary skills, in fact KUNG FU's brilliant defense never requires strength, size or undo exertion.*

HOW KUNG FU WORKS

KUNG FU is based on a simple yet lethally effective principle. *It is not necessary to physically match strength with your opponent in order to overcome his attack.* You harness the enormous natural power of your own movements. KUNG FU shows you how to take advantage of these fundamental laws of natural movement. Your rhythm is added to the very movement against you...so that all forces are added together and unleased against your opponent. This is KUNG FU—a force so simple yet so devastating that its techniques have stunned the world.

KUNG FU IS BETTER THAN OTHER FORMS OF SELF DEFENSE

KUNG FU is better than all other forms of self defense! Its secret lies in its simplicity and in its ability to overcome an attacker WITHOUT INTRICATE BODY CONTACT. Now if you can read or look at pictures then you should be able to master the theory of this "flick-of-the-wrist" technique. YOU CAN WIN. EVEN IF YOUR OPPONENT IS BIGGER AND STRONGER THAN YOU. You can win if your attacker surprises you. And more—KUNG FU means deadly often crippling self defense where every part of your body is a fearful weapon. Your feet, your hands, your elbows, your fingers become lethal weapons WITHOUT REQUIRING SUPER MUSCLE-POWER OR BRUTE FORCE. And you can do all this without years of training, special exercises, and especially hundreds of dollars in cost.

WHAT KUNG FU WILL MEAN TO YOU

With so many crimes of violence about us you could be in danger—anytime—of being hurt or worse humiliated! BUT NOW YOU CAN DO SOMETHING ABOUT IT. **You can protect yourself, your family and your property with deadly efficiency in mere seconds.** Yes, and you can do it without years of training, hundreds of dollars in cost, and without long, painful practice. Regardless of size, strength or build you can beat the bullies and better the odds. Thanks to KUNG FU you need never be afraid again. You too can learn to overcome the fear of being shamed. You too can be the one that gives the beating! You too can control threatening, dangerous situations.

WHY KUNG FU MAKES ALL THIS POSSIBLE

Why??? **Because KUNG FU is as deadly as it is simple.** And it works for anyone.* Other forms of self defense like Judo or Karate require something special such as strength, speed, etc.... to say nothing of endless practice. A judo Black Belt Master, for example, must practice technique after technique...and take years to master it all. NOT SO WITH KUNG FU! It's based on an entirely different concept. Technique and form aren't very important. DEFENSE IS! KUNG FU is designed to help you defend yourself in most situations* with *an absolute minimum in effort and a maximum in protection.*

COMPLETE COURSE REVEALED NOTHING ELSE TO LEARN

The SECRETS OF KUNG FU are fully revealed in one amazing "how to" book. The course comes complete and there's nothing else to learn or buy. You find all the secrets, principles and techniques simple to master and easy to apply. You don't need any special apparatus or practice dummies. And once you master the SECRETS OF KUNG FU you can forget about other systems and other methods. Now, in the privacy of your home, you can learn the deadliest fighting secrets of all time *at your very own pace!* In just minutes you can find out how to deliver a crippling blow that leaves your opponent powerless and more...in seconds you can learn how to destroy your attacker's ability to fight...and much, much more. The fully revealed SECRETS OF KUNG FU, are so sensational that we make you this surprising UNCONDITIONAL 3 WAY GUARANTEE. You must be satisfied not just one way but fully 3 different ways or it costs you nothing.
